### Green man

**RAMESH NAIDU** is a sleek, 40-year-old, very cheerful, young man. He was born in 1968 near Madhav, in one of the most beautiful and verdant parts of India. But his original exposure to the world of plants was in his own garden in Mumbai.

When he was 10, he started to garden, and later, he asked to be taken to his garden. He was taken to his garden and he was given a small plot of land. He was given a small plot of land and he was given a small plot of land.

He was given a small plot of land and he was given a small plot of land. He was given a small plot of land and he was given a small plot of land.

Dear Shri Ramesh Naidu,

During my stay in Aamby Valley City, I witnessed the Musical water fountain show. The show was fantastic and a sight to watch the water fountain dance to the tune of music. It was also nice to see the work of maintaining the land scape, horticulture development and musical water fountains in Aamby Vally City. It was very enjoyable sight. Congratulations to 'Greencare' for arranging such a show in Aamby Vally City. I wish them all the best.
